

The art of public presentation

10 h, *in person*, at IPC PAS

Dr hab. Jan Paczesny

Institute of Physical Chemistry PAS

Living Materials group (building no. 4, room H215)

email: jpaczesny@ichf.edu.pl

The course focuses on the rules to be applied during the preparation and delivery of the scientific presentation. The theoretical knowledge related to the quality of audiovisuals, speaking, movement, and body language, will be used in practice to present a short talk during the final lecture.

The course will be held in person at the IPC PAS. There will be three classes, each lasting 2,5h + 10 min break (so 2h 40 min in total). The course will be held during the second week of December (i.e., 5th to 9th of December). The specific dates and hours will depend on the availability of the classrooms at IPC PAS and will be announced to registered candidates as soon as possible.

To pass the course, you need to attend at least 2 out of 3 classes and give 5 min presentation during the 3rd classes (so you need to be present during the 3rd classes).

Please register via email (jpaczesny@ichf.edu.pl); **13 first applications will be accepted**. The deadline for applications is on the 15th of November. In case of more candidates, there will be a chance to run a second round of the course in the spring semester.
