

Timetable of lectures etc. Autumn 2020 (remote) All lectures & classes on Zoom or similar remote tools

Physics specialisation, Warsaw4PhD Provisional

	Monday	Tuesday	Wednesday	Thursday	Friday
8:30 - 9:00					
9:00 - 9:30					
9:30 - 10:00		Introduction to contemporary physics	Condensed matter theory	Introduction to atomic physics	English intermediate B2 level
10:00 - 10:30					
10:30 - 11:00	Photophysics + spectroscopy seminar			Magnetism and superconductivity seminar	English advanced C1 level
11:00 - 11:30					
11:30 - 12:00		English intermediate B2 level	Modern developments in quantum computing	Seminar on fundamental physics	Optics seminar ? [UW]
12:00 - 12:30					
12:30 - 13:00	Journal club				Quantum information seminar ? [UW]
13:00 - 13:30					
13:30 - 14:00					
14:00 - 14:30					
14:30 - 15:00					
15:00 - 15:30		IWC student seminar			
15:30 - 16:00					
16:00 - 16:30					
16:30 - 17:00					
17:00 - 17:30					
17:30 - 18:00					
> 18:00					

Green: regular department seminars etc at IFPAN, CFT, IWC **Time as yet unallocated:** Solid state physics I: materials online, consultations arranged individually with lecturer
 Turquoise: occasional department seminars etc at IFPAN, CFT, IWC Soft matter foods under pressure (starts mid Nov, times will be announced mid Oct)
 Orange: regular department seminars at other sites (UW, etc...)
 Pink: provisional times (e.g. same as last semester, but as yet unconfirmed)
 Blue: intensive course, not whole semester
 Gray: not active remotely as far as we know
