AMINI RAZIEH	pozytywna / positive	The student gave a clear well-prepared presentation. The progress of the PhD project is satisfactory. Wnt part is essentially ready and additional studies need to be done for potassium channel part. In the Q&A session the student showed pretty good understanding of her projects.
KARIMI TERRY	pozytywna / positive	The presentation was clear and well-prepared. The student has solid overall knowledge about her project and understands the rationale behind it. In the Q& A session the student generally answered the questions fine, but is encouraged to read more about the occurrence of DNA methylation and TET protein in different species.
